

5th International Basel Symposium in Rhinosurgery

**Scientific Symposium
Cadaveric Dissection
Functional Rhinologic Diagnostics**

**At the University Hospital Basel,
08.- 09. Feb. 2019**

**Plastic, Reconstructive, Aesthetic
and Hand Surgery**

Otorhinolaryngology, Head and Neck Surgery

Dear Colleagues,

on behalf of the Departements of Plastic Surgery and ENT we would like to invite you to the

5th Basel Symposium on Rhinosurgery

which also will be our first international symposium with English, French and German as congress languages.

This time, we will not only be offering you the well known cadaveric dissection course on Friday, but also give you the opportunity to learn from the experts in terms of functional preoperative assessments, rhinometric and rhinomanometric examinations and interpretation of the findings. You will also have the opportunity for self testings.

Again, the scientific symposium will take place on Saturday, both with local and international opinion leaders in rhinosurgery.

We are looking very much forward to meet you in Basel.

Ruth Köppl, Martin Haug

Plastic, Reconstructive, Aesthetic and Hand Surgery

Otorhinolaryngology, Head and Neck Surgery

Jointly Provided by

The Rhinoplasty Society Europe

Swiss Plastic Surgery (SGPRAC)

Swiss ENT Society (SGORL)

Swiss Society of Aesthetic Surgery (SGAC-SSCE)

German Society of Plastic, Reconstructive and Aesthetic Surgery (DGPRÄC)

German ENT Society (DGHNO)

Faculty

Dr. Urs Bösch, Plastic Surgery, Luzern, Switzerland

Dr. Hans Rudolf Briner, ENT, Zürich, Switzerland

Prof. Dr. Nuri Celik, Plastic Surgery, Istanbul, Turkey

Prof. Dr. Steffen U. Eisenhardt, Plastic Surgery, University Hospital Freiburg, Germany

Dr. Sebastian Haack, Plastic Surgery, Marienhospital Germany

Prof. Dr. Martin Haug, Plastic Surgery, University Hospital Basel, Switzerland

Prof. Dr. Werner Heppt, ENT, Städtisches Klinikum Karlsruhe, Germany

Dr. Ruth Köppl, ENT, University Hospital Basel, Switzerland

Dr. Stefan Maas, Rhino-Oto-Zentrum, Kassel, Germany

Prof. Dr. Ulrich Rieger, Plastic Surgery, Markus Krankenhaus Frankfurt, Germany

PD. Dr. Abel-Jan Tasman, ENT, Kantonsspital St. Gallen, Switzerland

Dr. Josef Vavrina, ENT, Zürich, Switzerland

Prof. Dr. Antje Welge-Lüssen, ENT, University Hospital Basel, Switzerland

**Plastic, Reconstructive, Aesthetic
and Hand Surgery**

Otorhinolaryngology, Head and Neck Surgery

Friday Dissection Course

- 08.00-09.00 Registration
- 09.00-09.15 [Welcome, introductory remarks](#)
- 09.15-10.30 **Dissection course part I**
Approaches and dissection
Septum and turbinates
- 10.30-11.00 [Coffee and industrial exhibition](#)
- 11.00-12.30 **Dissection course part II**
Bony maneuvers (hump, osteotomies, push down)
Powered instruments
- 12.30-13.30 [Lunch and industrial exhibition](#)
- 13.30-16.00 **Dissection course part III**
Cartilage grafts and Suture techniques
(spreader grafts/flaps, septal extension grafts
columella strut, alar rim grafts)
- 16.00-16.30 [Coffee and industrial exhibition](#)
- 16.30-18.00 **DO IT YOURSELF**
Rhinometry, rhinomanometry and interpretation of findings
- 19.00-open [Get together Pizzeria Fiorentino](#)
-

Saturday Scientific Symposium

- 08.30-09.00 Registration
09.00-09.05 Welcome, introductory remarks

GENERAL PART

Anatomy, function and legal aspects in rhinosurgery

- 09.05-09.15 *Anatomy and topography of the nose, form and function*
Rieger
- 09.15-09.25 *Functional diagnostics of the nose*
Vavrina
- 09.25-09.35 *Imaging and legal aspects*
Köppl
- 09.35-09.45 *Hyposmia and rhinopathia*
Welge-Lüssen
- 09.45-09.50 *New instruments in rhinosurgery*
Maas
- 09.50-10.00 DISCUSSION
- 10.00-10.10 *Approaches in rhinosurgery*
Eisenhardt
- 10.10-10.20 *Controversary OPEN vs ENDONASAL*
When and why open
Celik
When and why endonasal
Tasman
- 10.20-10.30 ROUNDTABLE
Briner, Eisenhardt, Haack, Heppt

-
- 10.30-11.00 GUEST LECTURE
Prof Nuri Celik, Istanbul

-
- 11.20-11.40 **Coffee and industrial exhibition**

Saturday Scientific Symposium

SPECIAL PART

Improving function: Turbinates, nasal septum, tip

- 11.40-12.00 *Endonasal endoscopic procedures*
Briner/Köppl/Vavrina
- 12.00-12.15 *External and internal nasal valves*
Heppt/Haack
- 12.15-12.25 *The severe septal deviation*
Haack
- 12.25-12.35 *Role of the tip in functional rhinoplasty*
Haug
- 12.35-12.45 DISCUSSION

Improving aesthetics: Nasal septum, nasal dorsum, tip

- 12.45-12.55 *The role of the septum in aesthetic rhinosurgery*
Tasman
- 12.55-13.05 *Handling the nasal dorsum*
Heppt
- 13.05-13.15 *Tip surgery: A personal approach*
Celik
- 13.15-13.25 *The relevance of hyaluronic acid in nasal correction*
Bösch

The difficult nose, structural reconstruction

- 13.25-13.40 *The posttraumatic nose*
Tasman
- 13.40-13.55 *Secondary rhinosurgery*
Haack

Saturday Scientific Symposium

SPECIAL PART

8 minute Video sessions 6 hot topics

- 13.55-14.03 *Reconstruction of the middle vault*
Haack
- 14.03-14.11 *Septal extension graft, spreader grafts
and columella strut*
Celik
- 14.11-14.19 *Versatility of the TTC suture*
Haack
- 14.19-14.27 *Osteotomies with powered instruments*
Maas
- 14.27-14.35 *Less is sometimes more*
Tasman
- 14.35-14.43 *Diced cartilage fibrin grafts*
Haug
-

My experience over the last 20 years

- 14.43-15.00 *Four experts*
Three techniques I have been including
Three things I changed or stopped
Briner, Celik, Haack, Vavrina
-

- 15.00-16.00 **Farewell, industrial exhibition and Aperol**
-
